CAPABILITY STATEMENT

CORE COMPETENCIES

If you have equipment up to and over 100 tons, we can get it moving. Fearless transports heavy equipment across the 48 contiguous United States and Canada. Our employees have extensive experience operating all types of heavy equipment, including lowboys and beam trailers from 7 to 13 axles, step decks, flats and steerable dollies. Our quotes are all-inclusive and include all permitting, police escorts and route planning, right down to disassembling and reassembling heavy equipment.

- Expertise in difficult terrain--off roads, back roads, switchbacks, and mountains
- Heavy Hauling 4 Axle Tractors
- Up to 13 Axle Trailers
- Drop Side Trailers and Level Deck Trailers
- Beam Trailers
- Step Deck Trailers
- Flat Bed Trailers
- Up to 13 Axle Dollies
- Off Road GI Trucks
- Equipped to haul wind turbine components
- **"NO JOB IS TOO BIG."**

PAST PERFORMANCE

More than 20 high-wall miner system relocations, with loads in excess of 200,000 pounds and 16' wide and approximately 40 to 60 loads per system.

Miscellaneous heavy equipment transports with disassembly and reassembly, including but not limited to:

- Caterpillar 992 loaders, D11 dozers, 777 rock trucks, 785 rock trucks, 5230 shovels
- Hitachi 1800 and 3500 shovels
- Highwall mining systems
- Steam engines
- Locomotives in excess of 300,000 pounds

In addition to the equipment we own, Fearless has access to additional equipment and subcontractors nationwide.

If it can be hauled, **Fearless can get it done.**

DIFFERENTIATORS

- Woman Business Enterprise (WBE) through the PA Department of General Services
- Turnkey relocations--all through one experienced company
- Common and Contract ICC Authority through the FMCSA
- Fully insured and bonded
